

BORT select⁺

The first choice for demanding people

select⁺

BORT. Benefit at your side.

Top notch quality has a name: BORT select®

Mobility is quality of life. Whether everyday life or leisure time. The high-quality BORT select® supports promote therapeutic success. High-quality function, features and quality without compromise.

Only first-class high-tech function fibres, their most careful and innovative processing as well as an attractive design do justice to such demands. The select® line products provide exclusive added value in material and comfort, from which patients profit right from the beginning.

Our best products are the best you can do for yourself and your health. Selected and unique: simply select®.

BORT. Benefit at your side.

Innovative in perfect harmony

SOFTflex Plus knit fabric with cooling luxury **BREEZE** fibre

select® SOFTflex Plus knit fabric in feel-good quality:
softer than ever before

The SOFTflex Plus knit fabric further developed by BORT combines a specially soft surface structure facing the skin with an optimum stabilisation function.

SOFTflex Plus-knit fabric

BREEZE

The cooling luxury fibre

In perfect interplay of state-of-the-art knitting technology and innovative high-tech functional fibre, BREEZE cools the skin via heat exchange and ensures noticeably improved feel-good quality.

select® Products with SOFTflex Plus knit and cooling luxury **BREEZE** fibre:

No. 122 700 BORT **select**® EpiPlus® Elbow Support
No. 114 420 BORT **select**® StabuloGen® Knee Support
No. 054 700 BORT **select**® TaloStabil® Ankle Support

No. 054 100 BORT **select**® TaloStabil® Plus Ankle Support
No. 053 100 BORT **select**® AchilloStabil® Plus Achilles Tendon Support
No. 114 390 BORT **select**® GenuZip® Knee Support

BORT select® StabiloGen® Knee Support

Really soft grips - in feel-good quality

EXTRA SOFT MATERIAL EDGE

Dimensional stability, durable and nevertheless extra soft.

WOVEN SILICONE BONDING ZONE

Knitted adhesive zone in the thigh area improves the fit and avoids the support slipping.

NEW FUNCTIONAL PAD

New anatomically and functionally optimised pad for safe patella guidance.

POPLITEAL FOSSA PAD

Adapts highly elastically to all movements and ensures the best possible wearing comfort in the popliteal fossa.

SPIRAL SPRING STAY

Double benefits: for side stabilisation and anti-slip fit when bending and stretching.

PLUS SIZES SYSTEM

Extended size range for large sizes resulting in very good fitting.

BORT. Benefit at your side.

BORT select® StabiloGen® No. 114 420

select®

BREEZE

PRODUCT-BENEFIT

- High-quality knee support for compression of soft tissues with silicone pad for stabilisation and relief of the knee joint
- Lengthwise-elastic stretch zone above the silicone pad for ideal fit at all bending angles
- Pad for the popliteal fossa ensures the best possible comfort for wearing
- Woven silicone bonding zone in the thigh area
- One spiral stay on each side for lateral support
- Compression class II

COLOURS:  skin-tone  silver  black

110 - 120 cm	Size 5
120 - 130 cm	Size 6
130 - 140 cm	Size 7 (No. 104 650)

MEASURING POINT

Circumference of waist

INDICATIONS

Pain in the lumbar spine, recurrent low back pain, osteochondrosis, spondylarthrosis, spondylolysis without spondylolisthesis, mild lumbar deformity (degenerative spondylolisthesis), dorsalgia

BORT. Benefit at your side.

BORT select® Stabilo® Back Support with Pad

Profile

BORT select® Stabilo® Back Support with Pad

No. 104 710 for men
No. 104 740 for women

PRODUCT-BENEFIT

- Back brace to stabilise the lumbar spine
- Lady version with cut fitted at the waist: specific for women
- Three anatomically pre-moulded splints in the dorsal area
- Viscoelastic lumbo-sacral pad with cross strap system
- Height: ventral 17 cm (6.7 inches), dorsal 26 cm (10.2 inches)
- Lady version: ventral 17 cm (6.7 inches), dorsal 26 cm (10.2 inches)

COLOURS: skin-tone silver black

THE select® - BENEFIT

- **Cross strap system** for additional stabilisation and relief
- Easy to put on using the hand straps provided

Circumference of waist	SIZES
60 - 70 cm	Size 0 (No. 104 740)
70 - 80 cm	Size 1
80 - 90 cm	Size 2
90 - 100 cm	Size 3
100 - 110 cm	Size 4
110 - 120 cm	Size 5
120 - 130 cm	Size 6
130 - 140 cm	Size 7 (No. 104 710)

1 cm = 0,3937 inch

MEASURING POINT

Circumference of waist

INDICATIONS

Treatment of increased pain in the lumbar spine area, severe low back pain, recurrent low back pain, osteochondrosis, spondylarthrosis, lumbosciatica, mild radicular syndrome, spondylolysis without spondylolisthesis, mild to moderate lumbar deformity (degenerative spondylolisthesis), after intervertebral disc surgery

BORT select® Lumbar Spine Brace for Mobilisation

Profile

BORT select® Lumbar Spine Brace for Mobilisation No. 104 700

PRODUCT-BENEFIT

- Back brace for functional mobilisation of the lumbar spine
- Two anatomically pre-moulded splints in the dorsal area
- Easy to dose support and relief effect via inelastic belt tensioning
- Height: ventral 17 cm (6.7 inches), dorsal 26 cm (10.2 inches)

COLOURS:  skin-tone  silver

THE select®-BENEFIT

- **Removable restraint** for adaptation to the course of therapy
- Easy to put on using the hand straps provided

Circumference of waist	SIZES
70 - 80 cm	Size 1
80 - 90 cm	Size 2
90 - 100 cm	Size 3
100 - 110 cm	Size 4
110 - 120 cm	Size 5
120 - 130 cm	Size 6
130 - 140 cm	Size 7

1 cm = 0,3937 inch

MEASURING POINT

Circumference of waist

INDICATIONS

Moderate lumboischialgia with mild deficits with herniated discs/prolapse, moderate radicular, pseudo-radicular lumbar syndrome, grade I spondylolisthesis with low back pain, moderate lumbar deformity (recurrent treatment, complicated history), i. e. after intervertebral disc surgery with mild to moderate prolapse

BORT select® GenuZip®

Side zip fastener makes it easy to put on/remove

Profile

BORT select® GenuZip®
No. 114 390

BREEZE

select®

PRODUCT-BENEFIT

- High-quality knee support for compression of soft tissues with silicone pad for stabilisation and relief of the knee joint
- Side zip fastener
- Lengthwise-elastic stretch zone above the silicone pad ensures an ideal fit at all bending angles
