# CLIMA Care<sup>®</sup>

The heat programme  
for wellbeing.

The gentle strength  
of angora wool

BORT. Benefit at your side.

# CLIMA Care®

The heat programme  
for wellbeing.

A lack of exercise and single-sided burdens on the body are the major causes for muscular tension. Also, the interplay between the mind and the body can affect the muscular or pain situation.

Heat promotes circulation in the musculature and can therefore have a natural, relaxing effect.

The **BORT CLIMA** heat programme with its high share of angora ensures pleasant heat in the regions affected.

**CLIMA** – heat feels so good  
Care

**BORT CLIMA** products are manufactured using raw angora wool humanely acquired by shearing angora rabbits.
